

Zero Charge Hand Lotion Product# 1702

Product Description

Improves contact between personnel and grounding devices such as wrist straps and heel straps. Does not contain silicone, lanolin, mineral oil and other materials found in conventional hand lotions that can interfere with PCB manufacturing. Blend of moisturizers, aloe vera, and vitamins A and E penetrate rapidly leaving skin soft without a greasy film.

Features / Benefits

- Improves wrist and heel strap contact
- Does not contain silicone or lanolin
- Non-contaminating / does not interfere with soldering
- Non-greasy
- Nonflammable

Solderability Inhibitors

Hand lotions from other manufacturers can contain ingredients that will contaminate the work surface and inhibit solderability. Zero Charge Hand Lotion does not contain any of these ingredients.
