# Watertight Extruded Aluminum Enclosures 1457 Series

IP65, Heavy Duty, Wall-mounting Option

### Key Features:

- Watertight - heavy duty extruded enclosures designed to house P.C. boards or for equipment interfacing.
- Sized for standard Eurocards.
- P.C. boards mount horizontally by sliding into internal slots extruded into the enclosure body.
- Rugged body constructed from one piece, extruded aluminum with a minimum thickness of .06" (1.5 mm).
- Extruded aluminum body includes a recessed area for labels or membrane keypad.
- End panels are rugged - yet easy to machine - diecast aluminum with full perimeter self-adhesive gaskets.
- Designed to meet IP65.
- Choice of two versions - end panels without flange or with flange (for shelf or wall mounting).

### Includes:

- Two diecast aluminum end panels - painted in a durable, black satin powder paint.
- Extruded, aluminum body (choice of either clear anodized or black powder paint finish).
- Two closed cell polyethylene foam - end plate gaskets & rubber "O" rings for assembly screws.
- All hardware and self-adhesive feet.
- Replacement assembly screws can be purchased in 100-packs under part number **1457MS100**
- NOTE: Recommended screw torque is 5 lbf/in

Available with black powder coat or clear anodize finish and with or without wall-

Enclosure includes extruded body, die-cast end panels, gaskets, and hardware. Extra end panel kits are sold

Built to be water-proof and

mounting flanges.

separately.

very rugged.
